Historically the main goal of the organisation of the Society was to support financially **IDŐJÁRÁS** the only Hungarian meteorological journal (the name means *WEATHER*). It was established in 1897. The new Society was able to save the journal. Nowadays IDŐJÁRÁS is the Quarterly Journal of OMSZ –Hungarian Meteorological Service is indexed abstracted in Science Citation Index Expanded™ and Journal Citation Reports/Science Edition. It covered in the abstract and citation database SCOPUS®.

MMT commonly issues and edits a periodical, called **LÉGKÖR** (in Hungarian *ATMOSPHERE*), with OMSZ. Its first copy was printed in 1956. LÉGKÖR publishes scientific, popularisation papers mainly in meteorology. It contains time to time summaries of events, official, and financial reports of the Society.
